## INDEPENDENT AUDITORS' REPORT

To the Board of Supervisors  
Fiddler's Creek Community Development District #2  
Collier County, Florida

We have audited the accompanying statement of net assets (deficit) and balance sheet of the governmental activities and major funds of Fiddler's Creek Community Development District #2 (the District) as of September 30, 2007, and the statement of activities, statement of revenues, expenditures and changes in fund balances and statement of revenues, expenditures and change in fund balance - budget and actual - General Fund for the year then ended, as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall basic financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities and major funds of the Fiddler's Creek Community Development District #2 as of September 30, 2007, and the changes in its financial position and budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated September 30, 2008, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Fiddler's Creek Community Development District #2

Management's Discussion and Analysis is not a required part of the basic financial statements, but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consist principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

**FIDDLER'S CREEK COMMUNITY DEVELOPMENT DISTRICT #2**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
September 30, 2007

Our discussion and analysis of Fiddler's Creek Community Development District #2's (the District) financial performance provides an overview of the District's financial activities for the years ended September 30, 2007 and 2006. Please read it in conjunction with the District's basic financial statements, which immediately follow this discussion.

**FINANCIAL HIGHLIGHTS**

The following are the highlights of financial activity for the year ended September 30, 2007:

- The District's total liabilities exceeded its assets at September 30, 2007 by \$ 14,951,390.
- The District's total revenues were \$ 7,628,702, \$ 6,411,124 from non-ad valorem assessments and \$ 1,217,578 from interest income. The District's expenses for this year were \$ 17,355,990.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to financial statements.

**Government-Wide Financial Statements**

The government-wide financial statements, which consist of the following two statements, are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private sector business.

The statement of net assets (deficit) presents information on all the District's assets and liabilities, with the difference between the two reported as net assets (deficit). Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the District's net assets changed during the year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements can be found on pages 7 and 8 of this report.

**Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District has only one fund type: governmental funds.

**FIDDLER'S CREEK COMMUNITY DEVELOPMENT DISTRICT #2**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
September 30, 2007

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as balances of spendable resources available at the end of the year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental fund balance sheet and the statement of revenues, expenditures, and changes in fund balances provide reconciliations to facilitate this comparison between governmental funds and governmental activities.

The governmental fund financial statements can be found on pages 9 through 13 of this report.

**Notes to Basic Financial Statements**

The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements. The notes to basic financial statements can be found on pages 14 through 23 of this report.

**GOVERNMENT-WIDE FINANCIAL ANALYSIS**

As noted earlier, net assets may serve over time as a useful indicator of financial position. The following table reflects the condensed government-wide statement of net assets (deficit) as of September 30, 2007 and 2006:

**ANALYSIS OF THE GOVERNMENTAL FUNDS**

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a District's net resources available for spending at the end of the fiscal year. The General, Debt Service and Capital Project Funds comprise the total governmental funds.

As of the end of the most current fiscal year, the District's governmental funds reported combined ending fund balance of approximately \$ 29,700,000.

**FIDDLER'S CREEK COMMUNITY DEVELOPMENT DISTRICT #2**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
September 30, 2007

**CAPITAL ASSETS AND DEBT ADMINISTRATION**

The District's investment in capital assets for its governmental activities as of September 30, 2007 amounts to \$ 40,225,447, net of accumulated depreciation and consists of land and improvements, infrastructure and buildings and improvements.

At the end of the year, the District had total bonded debt outstanding of \$ 84,810,000. The District's debt represents bonds secured solely by a specified revenue source (i.e., revenue bonds). The key factor in the increase in debt was \$ 17,275,000 in bond proceeds.

Additional information on the District's long-term debt can be found in Note 5 on pages 19 through 22 of this report.

**GENERAL FUND BUDGETARY HIGHLIGHTS**

There were no amendments to the September 30, 2007 budget and revenues and expenditures were both under the adopted budget for the year.

**ECONOMIC FACTORS AND NEXT YEAR'S BUDGET**

Revenues and expenditures for the fiscal year 2008 adopted budgets for the General and Debt Service Funds of the District total approximately \$ 5,800,000. The major changes occur in the Debt Service Fund budget, which projects additional interest payments for the Special Assessment Revenue Bonds, Series 2005.

**REQUESTS FOR INFORMATION**

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is depreciated over their estimated useful lives.

Expenditures for capital assets	20,305,352
Less current provision for depreciation	(1,274,920)

The issuance of long-term debt provides current financial resources to governmental funds; however, has no effect on net assets:

Bond proceeds	(17,275,000)
Bond issue costs	62,177

Repayment of debt principal is an expenditure in the governmental fund, but the repayment reduces long-term liabilities in the statement of net assets:

Principal payment	3,165,000

Certain items reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds:

**NOTES TO BASIC FINANCIAL STATEMENTS**  
September 30, 2007

**NOTE 1 - ORGANIZATION AND OPERATIONS**

Fiddler's Creek Community Development District #2 (the District) was created November 19, 2002 under the provisions of Chapter 190 of the Florida Statutes by the Collier County Board of County Commissions. The District was established for the purposes of financing and managing the acquisition, construction, maintenance and operation of the infrastructure necessary for community development within its jurisdiction. The District is authorized to issue bonds for the purpose, among others, of financing, funding, planning, establishing, acquiring, constructing or reconstructing, enlarging or extending, equipping, operating and maintaining water management, water supply, sewer and wastewater management, bridges or culverts, roads, landscaping, street lights and other basic infrastructure projects within or without the boundaries of the Fiddler's Creek Community Development District #2. The District is governed by a five-member Board of supervisors who are elected for four year terms.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The basic financial statements of the District have been prepared in conformity with generally accepted accounting principles as applied to governmental units. The District's more significant accounting policies are described below:

The financial reporting entity:

The criteria used for including component units consists of identification of legally separate organizations for which the Board of Supervisors of the District are financially accountable. This criteria also includes identification of organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's basic financial statements to be misleading or incomplete. Based upon this review, there were no potential component units of the District.

Basis of presentation:

**FINANCIAL STATEMENTS - GOVERNMENT-WIDE STATEMENTS**

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund financial statements (reporting the District's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business type. All of the District's activities are classified as governmental activities.

In the government-wide statement of net assets, the governmental activities column is presented on a consolidated basis, if applicable, and is reported on a full-accrual, economic resource basis, which recognizes all noncurrent assets and receivables as well as all noncurrent debt and obligations, when and if applicable.

The government-wide statement of activities reports both the gross and net cost of each of the District's functions. The net costs, by function, are also supported by general revenues, other revenue, etc. The statement of activities reduces gross expenses by related program revenues, operating and capital grants. Program revenues must be directly associated with the function. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflect capital-specific grants. For the year ended September 30, 2007, the District had \$ 6,411,124 in program revenues.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

This government-wide focus is more on the ability to sustain the District as an entity and the change in the District's net assets resulting from the current year's activities.

FINANCIAL STATEMENTS - FUND FINANCIAL STATEMENTS

The accounts of the District are organized on the basis of funds. The operations of the funds are accounted for with separate self-balancing accounts that comprise their assets, liabilities, fund equity, revenues and expenditures.

The District reports the following major governmental funds:

**General Fund** - This fund is used to account for all operating activities of the District. At this time, revenues are derived principally from non-ad valorem assessments and interest income.

**Debt Service Fund** - These funds are used to account for the accumulation of resources for and the payment of long-term debt principal and interest.

**Capital Projects Fund** - These funds are used to account for financial resources segregated for the acquisition or construction of capital facilities other than those financed by enterprise operations, if applicable.

Measurement focus, basis of accounting and presentation:

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the basic financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied. Governmental funds use the current financial resources measurement focus and the government-wide statements use the economic resources measurement focus.

Governmental activity in the government-wide financial statements is presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

The governmental fund financial statements are presented on the modified accrual basis of accounting under which revenue is recognized in the accounting period in which it becomes susceptible to accrual (i.e., when it becomes both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within sixty days of the end of the current year.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Budget:

A budget is adopted for the General Fund and Debt Service Funds on an annual basis. Appropriations lapse at fiscal year end. Changes or amendments to the total budgeted expenditures of the District must be approved by the District Board of Supervisors.

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- a. Each year the District Manager submits to the District Board a proposed operating budget for the fiscal year commencing the following October 1.
- b. Public hearings are conducted to obtain taxpayer comments.
- c. Prior to October 1, the budget is legally adopted by the District Board.
- d. The budgets are adopted on a basis consistent with generally accepted accounting principles.

Cash and cash equivalents:

Cash and cash equivalents are defined as demand deposits, money market accounts, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments:

Investments, if held, are stated at their fair value, which is based on quoted market prices. Unrealized gains and losses in fair value are recognized. Certain money market investments are stated at amortized cost if they have a remaining maturity of one year or less when purchased.

Capital assets:

Capital assets are reported in the governmental activities column in the government-wide financial statements. The government defines capital assets as assets with an initial, individual cost of more than \$ 750 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Assessments:

Assessments are non-ad valorem assessments on all platted lots within the District. Assessments are levied each November 1 on property as of the previous January 1. Certain assessments are collected upon closing on each lot sold and are used to prepay a portion of the Bonds outstanding. In addition, annual assessments are levied and collected to provide funds for the debt service on the portion of the Bonds which are not paid for from the prepaid assessments and to pay for the operations and maintenance of the District. The fiscal year for which annual assessments are levied begins on October 1 with a maximum discount available for payments through November 30 and become delinquent on April 1.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Equity classifications:

*Government-wide statements*

Equity is classified as net assets and displayed in three components:

- a. Invested in capital assets, net of related debt - consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, or other borrowings that are attributable to the acquisition, construction or improvement of those assets.
- b. Restricted net assets - consists of net assets with constraints placed on the use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or 2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net assets - all other net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

*Fund statements*

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations, if applicable, of fund balance represent tentative management plans that are subject to change.

Bond issuance costs:

Bond issuance costs will be amortized over the life of the applicable bond issue using the straight-line method.

NOTE 3 - DEPOSITS AND INVESTMENTS

Deposits

The District's deposits must be placed with banks and savings and loans which are qualified as public depositories prior to receipt of public monies under Chapter 280, Florida Statutes. These deposits are insured by the FDIC up to \$ 200,000, \$ 100,000 for demand deposits and \$ 100,000 for savings deposits. Monies deposited in amounts greater than the insurance coverage are secured by the banks pledging securities with the State Treasurer in the collateral pool. At year end, the carrying amount of the District's General Fund deposits was \$ 53,002 and the bank balance was \$ 56,914. These deposits were fully insured by the FDIC.

Investments

The investment of funds is authorized by Florida Statutes, which allows the District to invest in the Local Government Surplus Funds Trust or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act, SEC registered money market funds with the highest credit quality rating, interest-bearing time deposits or savings accounts in qualified public depositories and direct obligations of the U.S. Treasury. Investments of the Debt Service and Capital Projects Funds are governed by the Bond Indenture.

**FIDDLER'S CREEK COMMUNITY DEVELOPMENT DISTRICT #2**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
September 30, 2007

**NOTE 3 - DEPOSITS AND INVESTMENTS (continued)**

Investments as of September 30, 2007 of \$ 29,620,458 were in money market mutual funds.

These deposits and investments are reflected in the accompanying statement of net assets and balance sheet - governmental funds in cash and cash equivalents.

Credit risk:

Florida Statutes require the money market mutual funds held by the District to have the highest credit quality rating from a nationally recognized rating agency. The money market mutual funds held by the District are rated AAAM by Standard and Poor's and Aaa by Moody's Investors Service.

Interest rate risk:

Florida Statutes state that the investment portfolio be structured in such manner as to provide sufficient liquidity to pay obligations as they come due. The money market mutual funds have an average maturity ranging from 8 to 23 days.

Custodial credit risk:

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. At September 30, 2007, the District's investments were not subject to custodial credit risk.

**b. Summary of Significant Debt Terms of Governmental Activities**

**\$ 4,715,000 Special Assessment Revenue Bonds, Series 2003A** - The District previously issued \$ 4,715,000 in Special Assessment Revenue Bonds, Series 2003A for the purpose of funding certain projects within the boundaries of the District. The Bonds are payable in annual principal installments through 2016. Interest at 6.00% is payable semiannually on the first day of each May and November.

The District is required by the Bond Indenture to levy and collect special assessments pursuant to Florida Statutes, Section 190.022. The collection of these assessments is restricted and applied to the debt service requirements of the Bond Issue. Further, the District covenants to levy special assessments in annual amounts adequate to provide for payment of principal and interest on the Bonds as they become due.

The Bonds are subject to mandatory redemption at par plus accrued interest to the date of redemption on a schedule of annual redemptions through May 2016, the maturity date. The District is required to redeem the Bonds at par prior to schedule from the proceeds of any assessments prepaid or if certain events occur as outlined in the Bond Indenture. The Bonds are subject to redemption at the option of the District at par plus accrued interest from payment date to the redemption date on or after May 1, 2013.

The Indenture requires a reserve fund equal to 7.47% of the 2003A Bonds outstanding. As of September 30, 2007, the reserve fund account balance was sufficient to satisfy this requirement.

**\$ 21,670,000 Special Assessment Revenue Bonds, Series 2003A** - The District previously issued \$ 21,670,000 in Special Assessment Revenue Bonds, Series 2003A for the purpose of funding certain projects within the boundaries of the District. **NOTE 6 - RISK MANAGEMENT**

The District purchased an insurance policy that provided coverage of up to a \$ 1,000,000 maximum for each general liability occurrence in combination with a maximum annual aggregate coverage of approximately \$ 2,000,000 for the policy year ending September 30, 2007. Other insurance policies carried by the District during the year included automobile, public officials liability and employment practices liability. Deductible amounts ranged from \$ 0 to \$ 2,500. Settlement amounts have not exceeded insurance coverage during the last three (3) fiscal years.

**NOTE 7 - ECONOMIC DEPENDENCY AND RELATED PARTY TRANSACTIONS**

All of the members of the District's Board of Supervisors are affiliated with the Developer. There was \$ 48,252 due to the Developer in the 2005 Capital Projects Fund at September 30, 2007.

A significant portion of the District's activity is dependent upon the continued involvement of the Developer the loss of which would have a materially adverse effect on the District's operations.

**NOTE 8 - COMMITMENT**

The District has construction contracts for various infrastructure improvements. The remaining commitment on these contracts at September 30, 2007 was approximately \$ 1,325,000.

**NOTE 9 - NET ASSETS (DEFICIT)**

The District has a government-wide net assets deficit of \$ 14,951,390 as of September 30, 2007, while there is no such deficit reflected in the governmental fund statements. The deficit relates to the accrual of certain expenses, principally interest, which are not currently recorded in the fund statements. When recognized as expenditures in the fund statements, they will be recovered from the Developer (Note 7) or through assessment to benefitted property owners. The deficit also relates to various infrastructure improvements which have been financed through the issuance of long-term debt, but were conveyed to other entities.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Supervisors  
Fiddler's Creek Community Development District #2  
Collier County, Florida

We have audited the statement of net assets (deficit) and balance sheet of Fiddler's Creek Community Development District #2 (the "District") as of September 30, 2007, and the statement of activities, statements of revenues, expenditures and changes in fund balances and revenues, expenditures and change in fund balance - budget and actual - General Fund for the year then ended and have issued our report thereon dated September 30, 2008. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and performing our audit, we considered Fiddler's Creek Community Development District #2's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing an opinion on the financial statements but not for the purpose of expressing an opinion on the effectiveness of Fiddler's Creek Community Development District #2's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Fiddler's Creek Community Development District #2's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects Fiddler's Creek Community Development District #2's ability to initiate, authorize, record, process or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of Fiddler's Creek Community Development District #2's financial statements that is more than inconsequential will not be prevented or detected by Fiddler's Creek Community Development District #2's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by Fiddler's Creek Community Development District #2's internal control.

## Fiddler's Creek Community Development District #2

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether Fiddler's Creek Community Development District #2's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of basic financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

This report is intended solely for the information and use of District management, members of the Board of Supervisors, and the Auditor General of the State of Florida, and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT AUDITORS' REPORT TO DISTRICT MANAGEMENT**

To the Board of Supervisors  
Fiddler's Creek Community Development District #2  
Collier County, Florida

We have audited the basic financial statements of Fiddler's Creek Community Development District #2 (the "District"), as of and for the year ended September 30, 2007, and have issued our report thereon dated September 30, 2008.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and Government Auditing Standards issued by the Comptroller General of the United States. We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards. Disclosures in that report, which are dated September 30, 2008, should be considered in conjunction with this management letter.

Additionally, our audit was conducted in accordance with the provisions of Chapter 10.550, Rules of the Auditor General, which govern the conduct of local governmental entity audits performed in the State of Florida and, unless otherwise required to be reported in the report on compliance and internal controls or schedule of findings and questioned costs, this letter is required to include the following information.

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address significant findings and recommendations made in the preceding annual financial audit report. There were no significant findings and recommendations made in the preceding annual financial audit report.

Section 10.554(1)(i)2., Rules of the Auditor General, requires our audit to include a review of the provisions of Section 218.415, Florida Statutes, regarding the investment of public funds. In connection with our audit, we determined that Fiddler's Creek Community Development District #2 complied with Section 218.415, Florida Statutes.

Section 10.554(1)(i)3., Rules of the Auditor General, requires that we address in the management letter any recommendations to improve financial management, accounting procedures and internal controls. In connection with our audit, we did not have any such recommendations.

Section 10.554(1)(i)4., Rules of the Auditor General, requires that we address violations of provisions of contracts and grant agreements or abuse that have an effect on the financial statements that is less than material but more than inconsequential. In connection with our audit, we did not have any such findings.

Fiddler's Creek Community Development District #2

Section 10.554(1)(i)5., Rules of the Auditor General, requires, based on professional judgment, the reporting of the following matters that are inconsequential to the financial statements, considering both quantitative and qualitative factors: (1) violations of laws, rules, regulations and contractual provisions or abuse that have occurred, or were likely to have occurred, and would have an immaterial effect on the financial statements; (2) improper expenditures or illegal acts that would have an immaterial effect on the financial statement; and (3) control deficiencies that are not significant deficiencies, including, but not limited to; (a) improper or inadequate accounting procedures (e.g., the omission of required disclosures from the financial statements); (b) failures to properly record financial transactions; and (c) other inaccuracies, shortages, defalcations and instances of fraud discovered by, or that come to the attention of, the auditor. In connection with our audit, we did not have any such findings.

Section 10.554(1)(i)6., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. Fiddler's Creek Community Development District #2 was established on November 19, 2002 by Ordinance No. 02-61 of the Collier County Commission, pursuant to the provisions of Chapter 190, of the laws of the State of Florida. The District does not have any component units.

Section 10.554(1)(i)7.a., Rules of the Auditor General, requires a statement be included as to whether or not the local governmental entity has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the District did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Section 10.554(1)(i)7.b., Rules of the Auditor General, requires that we determine whether the annual financial report for the District for the fiscal year ended September 30, 2007, filed with the Florida Department of Financial Services pursuant to Section 218.32(1)(a), Florida Statutes, is in agreement with the annual financial audit report for the fiscal year ended September 30, 2007. In connection with our audit, we determined that these two reports were in agreement.

Section 10.554(1)(i)7.c. and 10.556(7), Rules of the Auditor General, require that we apply financial condition assessment procedures. In connection with our audit, we applied financial condition assessment procedures. It is management's responsibility to monitor the entity's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

This management letter is intended solely for the information of District management, Board of Supervisors and the State of Florida Office of the Auditor General, and is not intended to be and should not be used by anyone other than these specified parties.
